

PhD Proposal Changes Following Prof. Friger's Remarks

Noam Barda, MD

February 10, 2019

Changes

- Headline changed to better express content of proposal.
- Abstract shortened and made clearer.
- Headers cleaned and shortened.
- English revised and proofread throughout, with sentences shortened.
- Sections regarding classical biostatistical techniques (e.g. logistic and cox regression) shortened.
- Math formulas cleaned.
- Research methodology separated into concepts and actual plan.
- Actual plan arranged as bulleted list.
- Power analysis added.
- Ethics section added.
- Appendices cleaned.

Following these changes, the proposal is resubmitted for Prof. Friger's consideration.
